Kaspersky Next

Tailored security for every business

Kaspersky Next is a tiered product line designed for businesses of all sizes, with two options: **Optimum** for small and mid-sized businesses, and **Expert** for enterprises. Whether you need exceptional endpoint protection, simple or advanced detection and response technology, Kaspersky Next's adaptable, multi-layered security scales with ease.

EDR Foundations

Kaspersky Next MXDR Optimum

Learn more

With essential XDR technology managed by Kaspersky experts, you get the fastest, most cost-effective way to secure your infrastructure with extended incident response tools and fully managed security that provides threat hunting, recommendations and a step-by-step guided response.

Add depth to your defenses with on-demand solutions

Learn more

With Kaspersky Next XDR Expert, you can tailor the security system to your enterprise's specific needs by adding additional technologies to your stack, strengthening your security posture and improving the user experience without overspending or relying on multiple vendor tools to cover different security domains, improve incident response efficiency and enrich data with threat intelligence.

Kaspersky Next XDR Optimum

Learn more

In addition to exceptional endpoint protection and automatic response capabilities that help identify, analyze and neutralize evasive threats the solution gives you affordable, user-friendly detection and response tools that go beyond endpoints, as well as access to our online learning platform to raise the security awareness of your employees.
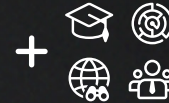

Kaspersky Next XDR Expert

Learn more

As the most advanced tier in the Next product line, this solution gives your security team or SOC complete control over your protected infrastructure. It provides full visibility, real-time correlation and automation using a wide range of response tools and data sources including endpoint, network and cloud data.

Kaspersky Next EDR Optimum

Learn more

Strong EPP, improved controls, patch management, training for IT and more — all enhanced by essential EDR functionality. Threat visibility, investigation and response are simple, quick and guided to help you deflect attacks rapidly, with minimal demand on your resources.

Kaspersky Next EDR Expert

Learn more

A powerful EDR solution that works with our EPP to block mass attacks and detect complex threats, supporting you with proactive incident investigation and threat hunting, while equipping your IT specialists with comprehensive, robust response tools.

Kaspersky Next EDR Foundations

Powerful ML-based EPP, flexible security controls and EDR root cause analysis tools equip you with the most straightforward way to build a strong foundation for your cybersecurity.

Why choose Kaspersky Next?

Built on our best-in-class endpoint solution

For over a decade, Kaspersky products have consistently ranked at the top in independent tests and reviews. Our proven automated endpoint protection reduces the number of alerts your security team needs to analyze, improving their efficiency.

Learn more

Backed by deep knowledge, skills and expertise

Kaspersky Next is built on decades of the accumulated experience and deep expertise of our global security teams. Our specialists work collaboratively to address complex cyberthreats, continuously refining the technologies that power our products. This expert-driven approach ensures our solutions are reliable, innovative and aligned with real-world security needs.

Learn more

Multi-layered defense based on AI technology

Kaspersky uses predictive algorithms, clustering, neural networks, statistical models and expert algorithms to boost detection speed and improve accuracy. AI also powers risk scoring for assets. These technologies help reduce the impact of cyber incidents and improve MTTD and MTTR.

Cybersecurity that grows with you

Kaspersky Next protects businesses of all sizes. As your needs grow, you can easily scale from essential endpoint protection to advanced, expert-level solutions available in higher tiers.
